

VL100 Pro

The Economically Efficient POS Solution

With the VL100 Pro, businesses can now leverage the latest in POS technology to streamline their operations and enhance customer experience, all within a budget-friendly framework.

Get the most out of your POS terminal

▶ Best-in-class technology at an affordable price

The VL100 Pro provides the most advanced POS technology at an affordable price. Driven by the latest advancements, including built-in NFC card readers and extendable Micro-SD memory, it delivers exciting payment technology for efficient transactions.

▶ Contactless and secure transactions

The VL100 Pro offers the latest EMV card technology with dip, tap, swipe, and EBT transactions, catering to a wide range of customer demands. Embrace the future of contactless payments with integrated smart cards and magnetic card readers, rendering complete security for the customers.

▶ Intuitive touchscreen and integrated keypad

Perform operations and tasks quickly with an intuitive wide touchscreen. The VL100 Pro offers a smooth checkout experience with the help of an integrated keypad, keeping safety and security in mind.

▶ Built to last

The VL100 Pro is durable and reliable, enabling fast and secure transactions. It is a powerful device with everything a business needs to complete a transaction.
