

VL550

The Advanced Portable Solution

Engineered for businesses that demand efficiency, reliability, and advanced technology, the VL550 offers a suite of features designed to meet fast-paced businesses. It can significantly enhance your operations, streamline the customer experience, offer multifunctional capabilities, and optimize the checkout process for your business.

Experience the VL550

➤ Secure and flexible payment options

Enhance your business with VL550's secure payment suite, which offers more flexibility than ever. Incorporate Dual Pricing, Cash Discounts, and Surcharges seamlessly into your operations. Offer your customers many payment methods, including swipe, tap, and dip, contributing to faster checkout experiences and higher customer satisfaction.

➤ Enhanced security standards

The VL550 adheres to leading security certifications like PCI PTS 6.x and EMV L1/L2. With the leading encryption technology, you can assure your customers that their transactions are safe.

➤ Maximized efficiency through user-friendly and portable design

Experience the efficiency of VL550's user-friendly interface. A wide touchscreen enhances customer interactions, allowing for efficient operations such as split billing, digital receipt options, and secured SMS or email transactions. Its portable design means you can bring this seamless experience directly to your customers, wherever they are.

➤ Future-proof your business

Investing in the VL550 POS system ensures your business is ready for the future. Benefit from a high-speed thermal printer, long-lasting battery for reliable all-day use, advanced data protection protocols, and the integration of emerging payment technologies that keep you one step ahead.
