PART-I

INSTALLATION GUIDE

INDEX :

1. Generating API Keys	01
2. Application Installation	04
3. Configuration	08

GENERATING API KEYS

OBJECTIVE

To perform any request on Valor virtual terminal, one should have the following credentials:

APP ID

- APP ID It represents the merchant API; A merchant can create an APP ID using the Valor portal

APP KEY

- APP KEY represents the EPI of the merchant, technically a merchant can have only one APP ID but based on the count of the API KEY, a merchant can have several API KEYS
- Merchant can create their own API KEY using the Valor portal

EPI

- Basically **EPI** is an **End Point Identifier**, Identify the device on valor infrastructure, any devices including virtual terminal will be identified as an EPI, typically its a 10 digit number start with 2.

STEPS TO LOCATE APP ID, EPI, AND APP KEY:

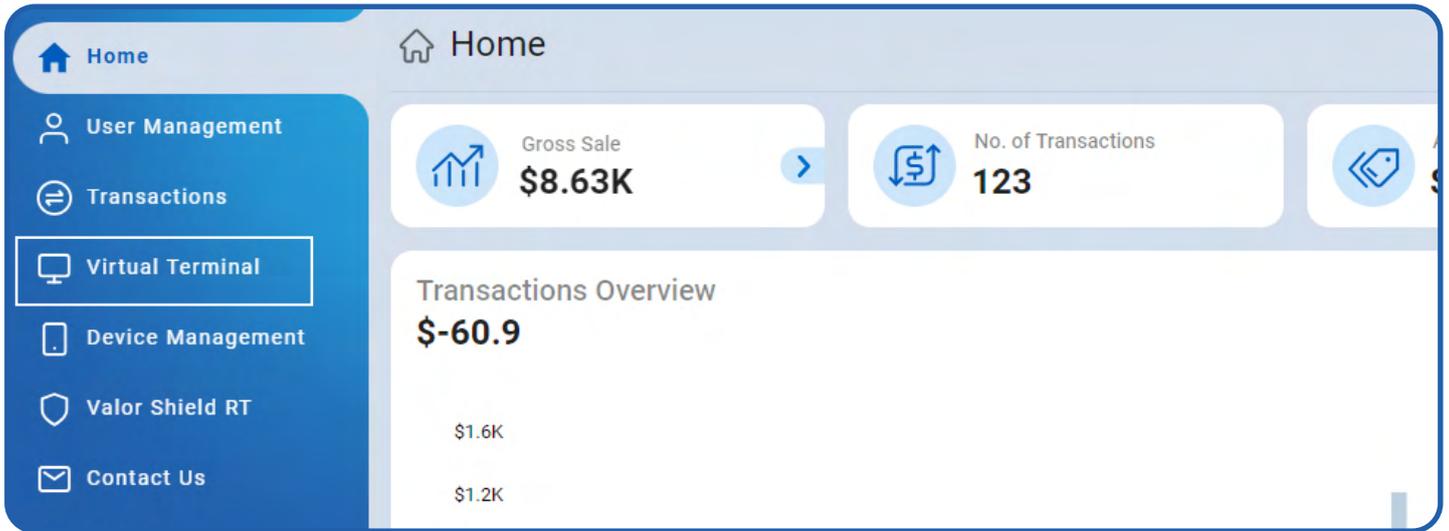

STEP 1 - Login to The Valor Portal

Accelerate your Business with a Seamless Digital Payment Solution

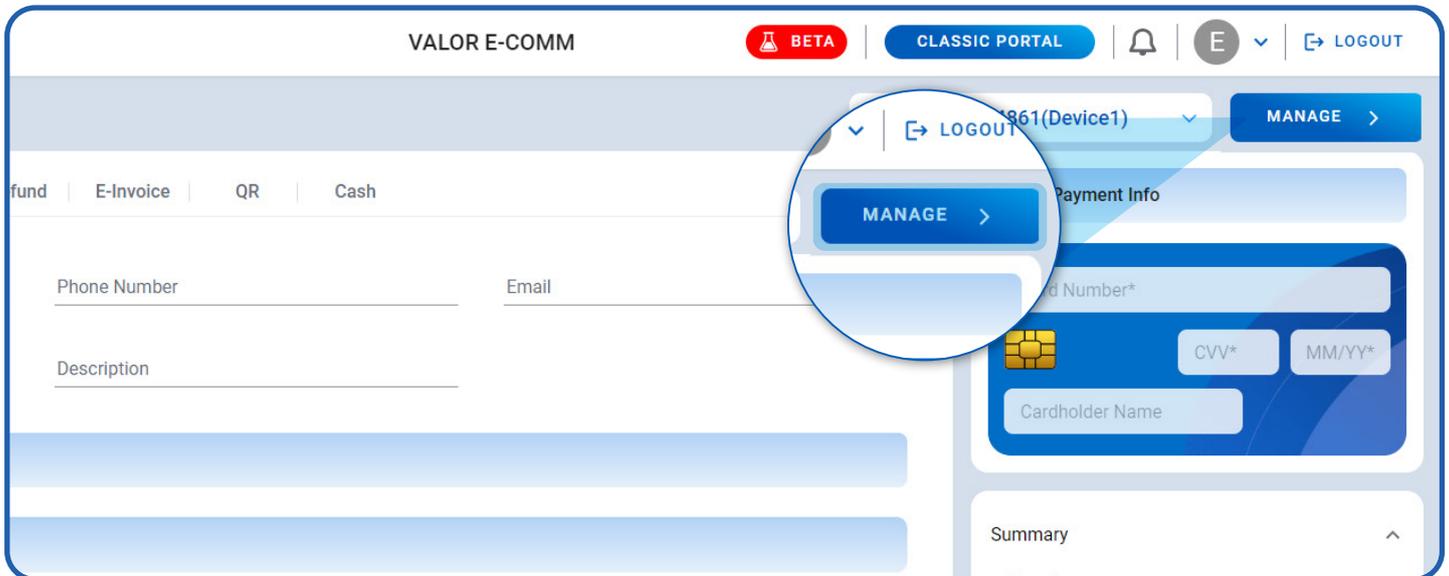

Download the ValorPay app today! [Click here for QR Code](#)

App Store Google Play

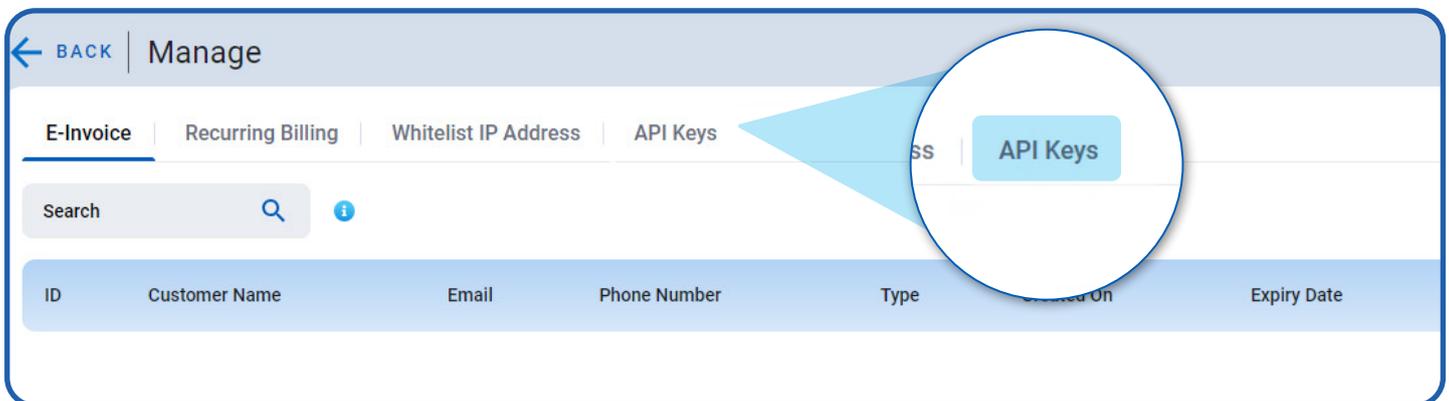

STEP 2 - Click **Virtual Terminal** in Menu

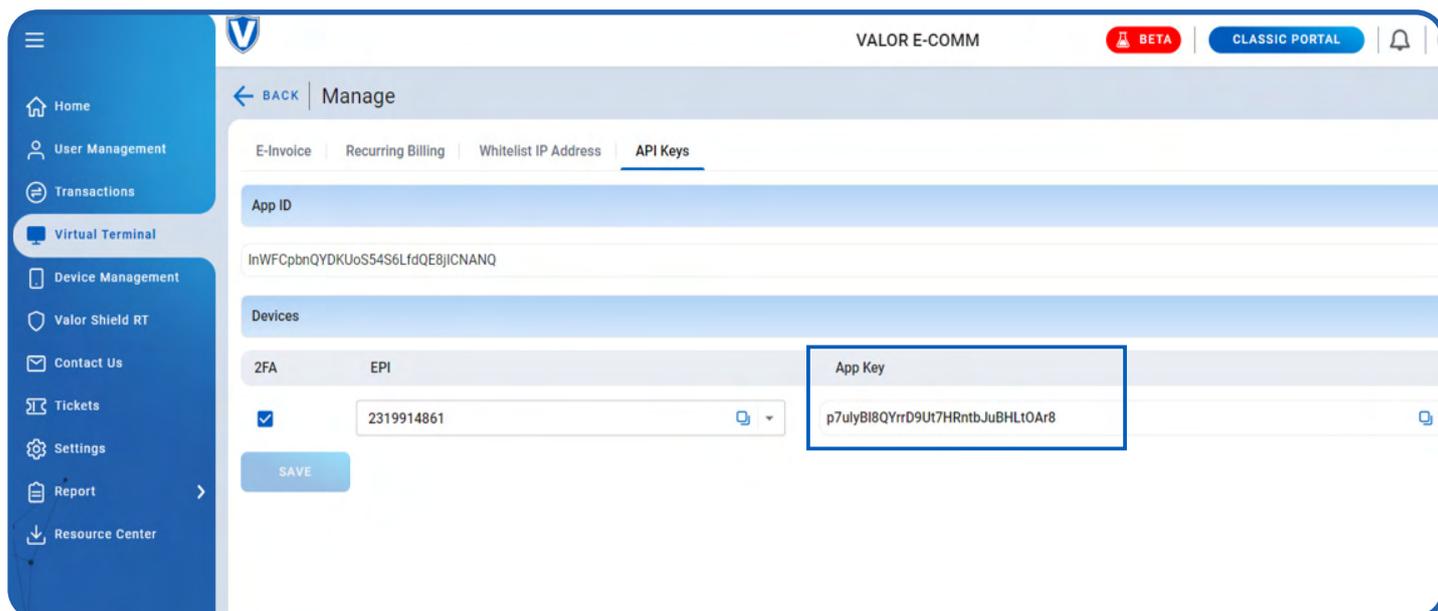

STEP 3 - Click on **'Manage'** Button

STEP 4 - Select **APP KEYS** Tab

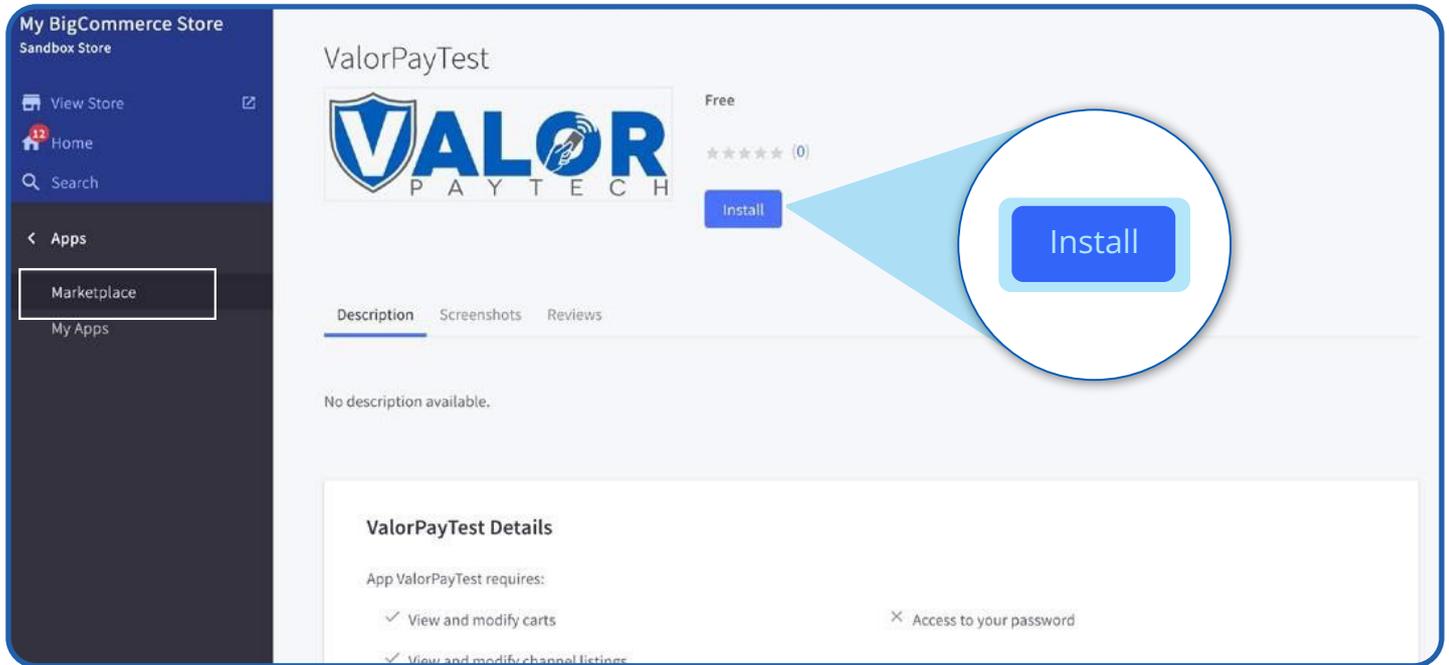

STEP 5 - Here you need to select the **EPI** to generate **API Key**.

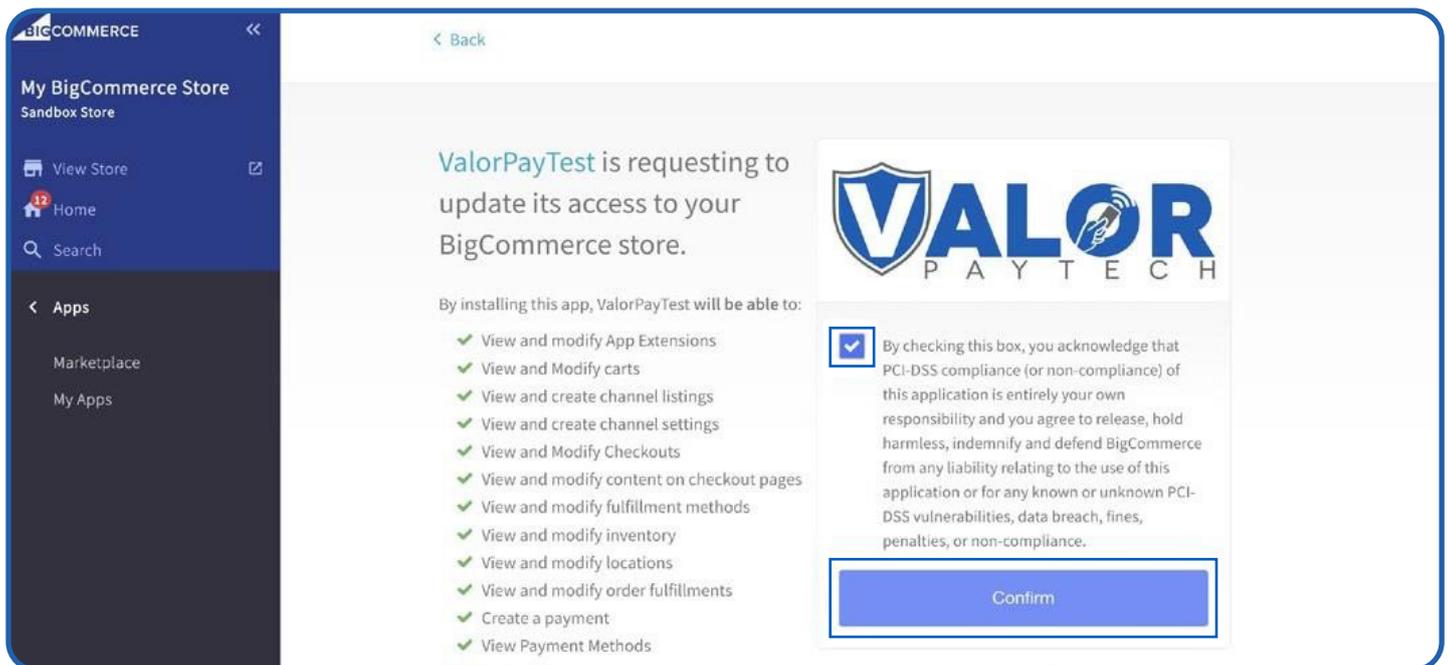

STEP 6 - Enter these keys to the settings tab of the ValorPay application, choose your settings and click 'Submit'

APPLICATION INSTALLATION

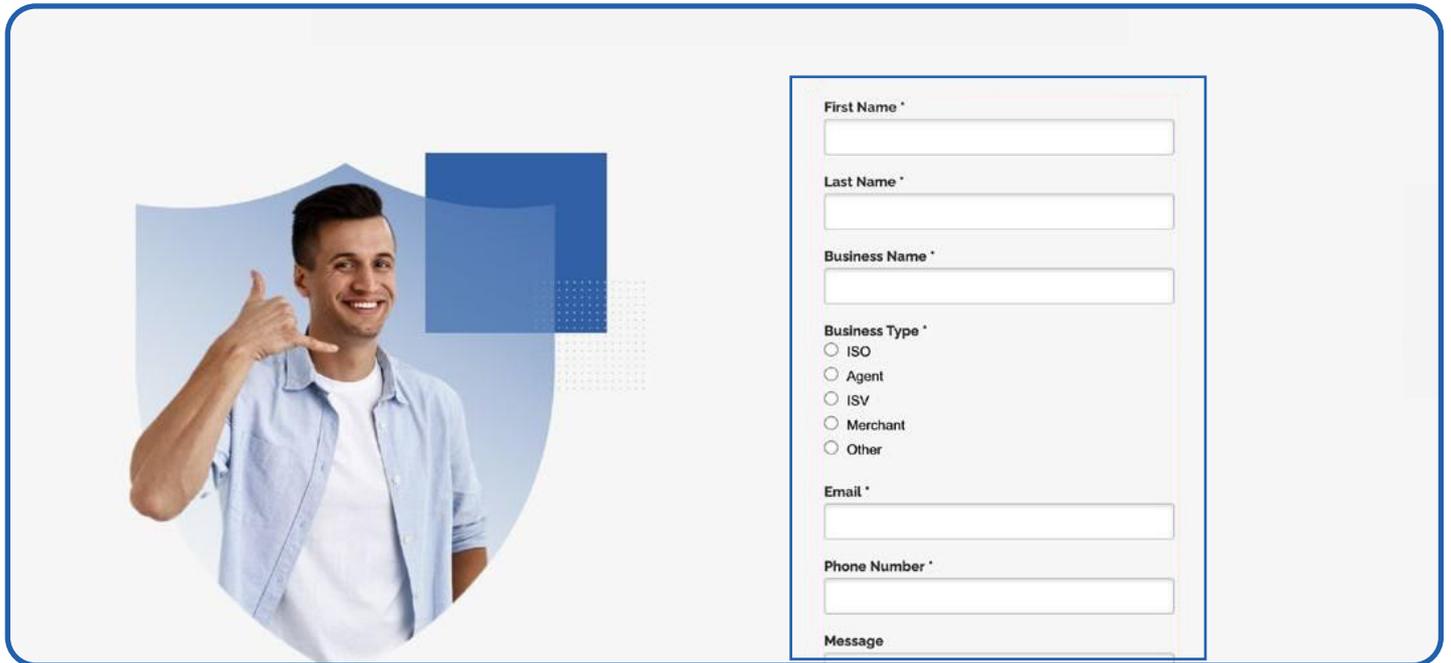

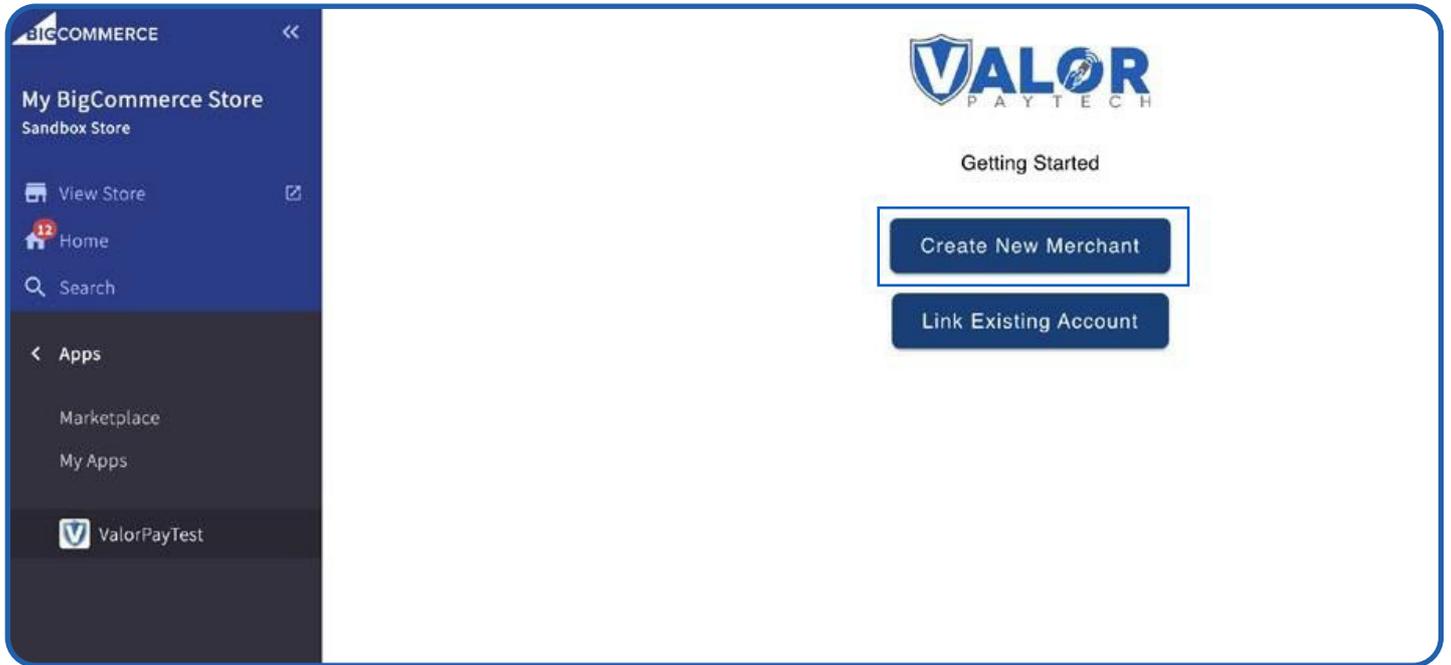

1. Go to BigCommerce admin panel, click on **Apps -> Marketplace -> Search for ValorPay**. To install the **ValorPay** application. Click on the **App** and select the **Install** button to install the app.

2. Check and confirm the permissions.

3. **Create New Merchant:** If you are interested in using the ValorPay payment gateway to grow your business, click on **'Create New Merchant'** and you will be redirected to the ValorPay's website. Fill in the details and our sales team will contact you at the earliest.

You can also call, email, or schedule a meeting to seek assistance for the onboarding process from the same page.

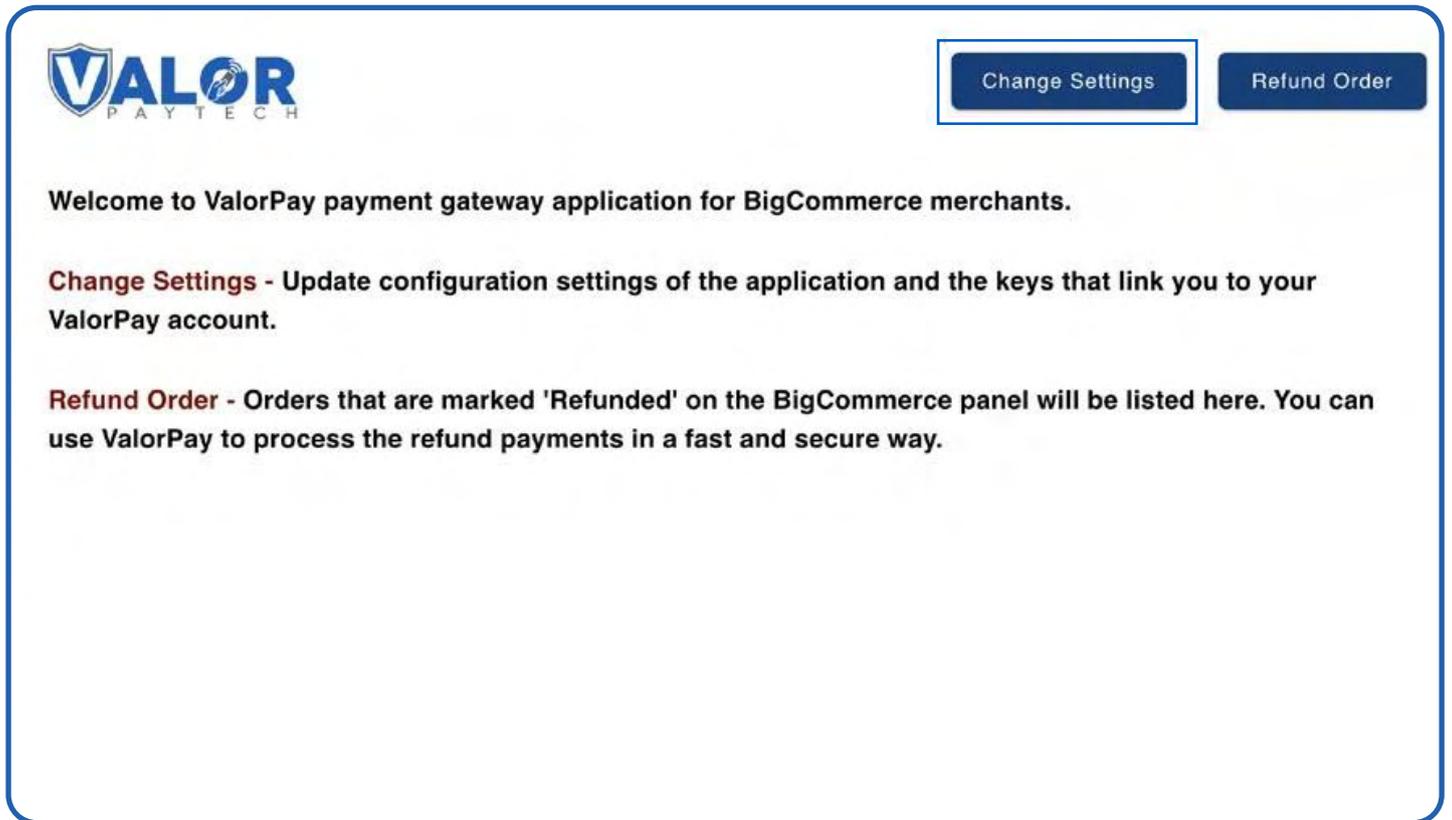

4. **Link Existing Merchant:** If you are an existing merchant onboard the ValorPay gateway platform, click on 'Link Existing Merchant'. Fill in the details and click on 'Submit'. For more information on how to locate your keys and description of other fields, please see the user guide.

The screenshot shows the 'Link Existing Account' form within the ValorPay interface. The form is divided into two columns of fields. The left column includes: 'Enable*' (Yes), 'API ID*' (masked), 'EPI*' (masked), 'Payment Method*' (Sale), 'Surcharge Type*' (Flat Rate \$), 'Surcharge %*' (Surcharge %), and 'AVS*' (Zip & Address). The right column includes: 'Title*' (ValorPay), 'API KEY*' (masked), 'Sandbox*' (Yes), 'Surcharge Mode*' (Enable), 'Surcharge Label*' (Surcharge Fee), and 'Flat Rate*' (10). A dropdown menu for 'Accepted Cards*' is open, showing options: American Express, Visa, MasterCard, Discover, Diners, and JCB. At the bottom of the form are 'Back' and 'Submit' buttons.

You will see the success dialogue box if your information is validated. Your app is now linked to your ValorPay merchant account. See below.

This screenshot shows the 'Settings' form, which is identical to the one above. A white success dialog box is overlaid in the center of the screen. The dialog box contains a green checkmark icon, the text 'Success!', and the message 'The Settings have been updated.' Below the message is an 'Ok' button. The 'Back' and 'Submit' buttons from the form are visible at the bottom of the screen.

5. After successfully linking your account, you will see the dashboard. If you wish to change settings, click on '**Change Settings**' and **Save** the changes.

VALOR
PAYTECH

[Change Settings](#) [Refund Order](#)

Welcome to ValorPay payment gateway application for BigCommerce merchants.

Change Settings - Update configuration settings of the application and the keys that link you to your ValorPay account.

Refund Order - Orders that are marked 'Refunded' on the BigCommerce panel will be listed here. You can use ValorPay to process the refund payments in a fast and secure way.

6. To see the description of items, please check the following [section](#), and to explore the features of the app, and a step-by-step guide to create refund orders, please see [Part II](#) of the document.

CONFIGURATION

To configure the application, login to BigCommerce, move to **Home -> Apps -> My Apps -> ValorPay**, where you can find various settings to configure the extension.

Enable ValorPay: **Enable** or **Disable** ValorPay Payment Gateway for your BigCommerce store.

Title: Enter **Title** for the ValorPay payment method to be shown in the frontend.

Use Sandbox: Set **No** if Production Keys are set or Set **Yes** if Sandbox Keys are set then Live payments will not be taken.

APP ID, API KEY & EPI: Set Production Valor API keys or If Sandbox **Yes**, then Sandbox API keys.

Read here [Generating API KEYS \(E-Commerce\) | Valor PayTech](https://valorpaytech.com/kb/generating-api-keys-e-commerce/)
<https://valorpaytech.com/kb/generating-api-keys-e-commerce/>

Payment Method: Select one of the payment methods for the payment capture.

- **Sale:** Authorizes and captures the order amount immediately.
- **Auth Only:** Authorizes and validates card for the order amount. The admin needs to manually capture the amount (by generating invoice using **“Capture Online”** option) within the authorization hold period.

Surcharge Mode: Set **Yes** if you want all transactions on surcharge mode. Merchant must have a Surcharge MID for it to function.

- **Surcharge Label**
- **Set Surcharge Type - Surcharge % or Flat Rate \$**
- **Surcharge%** - Percentage will apply only on enabling surcharge Indicator to true and Surcharge type is set to **Surcharge %**.
- **Flat Rate \$** - Flat rate will apply only on if **Enable** surcharge mode is true and Surcharge type is set to **Flat Rate \$**

AVS: The address verification service will add a text field to the checkout page based on the selected option.

Accepted Cards: Select the card types to be accepted for payments from customers.

CREATING REFUND ORDERS ON THE BIGCOMMERCE ORDER PANEL

An order can be marked for refund following which it will appear on the 'Refund Order' page of the ValorPay application. Admin can pay for refund orders using ValorPay payment gateway from the application.

Go to **Home -> Orders -> View -> Click on the Action button -> Select Refund**

Select the refund method: **'Refund customer through third party provider'** to ensure that your refund payments are processed reliably by ValorPay. Click **'Confirm Refund'**.

The screenshot shows the BigCommerce admin interface. On the left is a navigation sidebar with options like 'View Store', 'Home', 'Search', 'Orders', 'View', 'Add', 'Search', 'Export', 'Draft Orders', 'Shipments', 'Tracking Numbers', 'Gift Certificates', and 'Order Statuses'. The main content area displays a summary of a refund for order 494, including a table of items and costs:

[Sample] Chemex Coffeemaker 3 Cup	CC3C	3	\$49.50	3	\$148.50
Shipping cost	-	-	\$10.00	-	\$10.00
Handling fee	-	-	\$2.00	-	\$2.00
Refund subtotal					\$160.50
Tax refund					\$0.00
Refund total					\$160.50 ⓘ

Below the table, the 'Refund method' section is titled 'Select one of the methods below to complete your refund'. Two options are shown:

- Store Credit: \$160.50
This amount will be credited to customer's account.
- Refund customer through third party provider: \$160.50
Refund processed external to BigCommerce

A blue circle highlights the 'Confirm Refund' button in the 'Refund customer through third party provider' option. At the bottom right, there are 'Cancel' and 'Confirm Refund' buttons.

A success message will be displayed indicating that the refund order has been submitted successfully. This refund order will now be visible on the **'Refund Order'** page on the ValorPay application.

The screenshot shows the BigCommerce 'View Orders' page. At the top, a green success message states: 'Your refund on order 494 has been submitted successfully.' Below this, there are tabs for 'All Orders', 'Awaiting payment', 'Awaiting fulfillment', 'Awaiting shipment', 'High risk', 'Pre-orders', 'More', and 'Custom Views'. The 'All Orders' tab is active, showing a table of orders with columns for 'Date', 'Order ID', 'Customer', 'Status', 'Total', and 'Action'. The order 494 is highlighted, showing it was 'Refunded' on '12th Apr 2023' for a total of '\$160.50'.

Below the table, the order details are expanded, showing 'Billing', 'Shipping', 'Method', and 'Contact' information. The 'Billing' section includes the customer's name, address, phone, and email. The 'Shipping' section includes the shipping address and method. The 'Method' section shows 'Flat Rate' with a cost of '\$10.00'. The 'Contact' section shows the customer's name and phone number. On the right, a '3 items' section lists the items being refunded, including the Chemex Coffeemaker, with a subtotal of '\$148.50' and a shipping cost of '\$10.00'. The 'GRAND TOTAL' is '\$160.50' and the 'Refunded' amount is '-\$160.50'.

Find the ValorPay application at **Home -> Apps -> My Apps -> ValorPay** and click on **'Refund Order'** to see the list of orders marked for refund.

VALORPAYTECH

[Change Settings](#) [Refund Order](#)

Welcome to ValorPay payment gateway application for BigCommerce merchants.

Change Settings - Update configuration settings of the application and the keys that link you to your ValorPay account.

Refund Order - Orders that are marked 'Refunded' on the BigCommerce panel will be listed here. You can use ValorPay to process the refund payments in a fast and secure way.

Locate the order-by Order ID and click **'Refund'**. By default, this list only shows orders that have been marked for refund or refunded in the last seven days. To see orders for any duration, click on 'Filter' and select the desired duration.

CAPTURING 'AUTH ONLY' TRANSACTIONS USING VALORPAY MERCHANT PORTAL

Select 'Payment Method' as 'Auth Only' if you wish to take only authorization of payment from the customer and deduct it later as per your business arrangement.

Remember, this will apply to all the orders that customers place on you store.

A customer will place an order as usual.

Once the order is placed, the order details can be seen in **Home -> Orders -> View** (Click on the '+' button to expand the order details.)

The screenshot shows the BigCommerce admin interface. On the left is a sidebar with navigation options: View Storefronts, Home, Search, and Orders. The 'Orders' section is expanded, showing 'View' as the selected option. The main content area is titled 'View orders' and displays a table of orders. The first order is selected, showing details for order ID 260, dated 25th Sep 2023, for customer Jhon Smith (Guest), with a status of 'Awaiting Payment'. Below the table, the order details are expanded into three sections: Billing, Shipping, and Method. The Billing section shows the customer's address (Jhon Smith, 2nd Avenue, New York, NY 10001), phone number (183.82.32.26), and email (jhonsmith@valorpaytech.com). The Shipping section shows the same address and a 'Flat Rate' shipping method. The Method section shows a 'Default location' of \$10.00. The Contact section shows the customer's name (Jhon Smith) and email (jhonsmith@valorpaytech.com).

Logon to <https://online.valorpaytech.com/signin> and enter your merchant credentials.

The advertisement features a blue background with the text 'Mobile app Portal' and 'Accelerate your Business with a Seamless Digital Payment Solution'. It shows two smartphones displaying the app interface. On the right, there is a login form for the ValorPay app. The form includes the ValorPay logo, a 'Welcome!' message, and instructions to log in. The login fields are for 'Username' (valorecomm) and 'Password' (masked with dots). There are checkboxes for 'Remember me' and a link for 'Forgot Password?'. A blue 'LOGIN' button is at the bottom of the form. Below the button, it says 'Powered by VALOR PAYTECH (v1.0.7)'. At the bottom of the advertisement, there is a call to action: 'Download the ValorPay app today! Click here for QR Code', with links to the App Store and Google Play.

Click 'Transactions' in the left menu. You should see the most recent order on top

The screenshot shows the VALOR E-COMM interface. The left sidebar contains navigation options: Home, User Management, Transactions (selected), Virtual Terminal, Device Management, Valor Shield RT, Contact Us, Tickets, Settings, Report, and Resource Center. The main area displays a 'Transactions' table with the following columns: Date And Time, TXN Type, Card Details, Transaction Mode, Store, Processor Name, EPI, Device Type, Base Amount, Tip, Tax, and Non-Ca. The table lists several transactions, including 'CREDIT AUTH', 'CREDIT SALE', 'COMPLETION', and 'CREDIT REFUND'. The top right of the interface shows 'RECENT Volume \$404.98' and 'Aprv.TxnCount(RECENT) 9'. A search bar and a 'Show Only Approved Transactions' checkbox are also visible.

The header 'CREDIT AUTH' suggests that this is an 'Auth Only' transaction. 'CREDIT SALE' indicates an order which is fully paid for. You can also click on 'View Receipt' if you wish to confirm what type of order it is; Auth or Sale.

This screenshot is similar to the one above but includes a callout box. The callout box is a circular overlay with a white background and a blue border. It contains two buttons: 'View Receipt' (with a receipt icon) and 'Void Transaction' (with a crossed-out document icon). A blue arrow points from the 'View Receipt' button in the callout to the 'View Receipt' button in the transaction list. The transaction list is partially visible, showing columns for TXN Type, Card Details, Transaction Mode, Store, Processor Name, EPI, Tip, Tax, and Non-Ca. The top right of the interface shows 'RECENT Volume \$404.98' and 'Aprv.TxnCount(RECENT) 9'.

'AUTH' indicates and confirms that this transaction is 'Auth Only'

The screenshot displays the VALOR E-COMM interface. At the top, it shows 'RECENT Volume \$404.98' and a 'CLASSIC' button. Below this is a search bar and a 'Show Only Approved Transactions' checkbox. The main area is a table of transactions with columns: Card Details, Transaction Mode, Store, Processor Name, EPI, Device Type, Base Amount, and Tax. A 'Receipt Details' modal is open on the right, showing 'Merchant Copy' and 'Customer Copy' options. The modal title is 'Receipt Details' and it contains the following information:

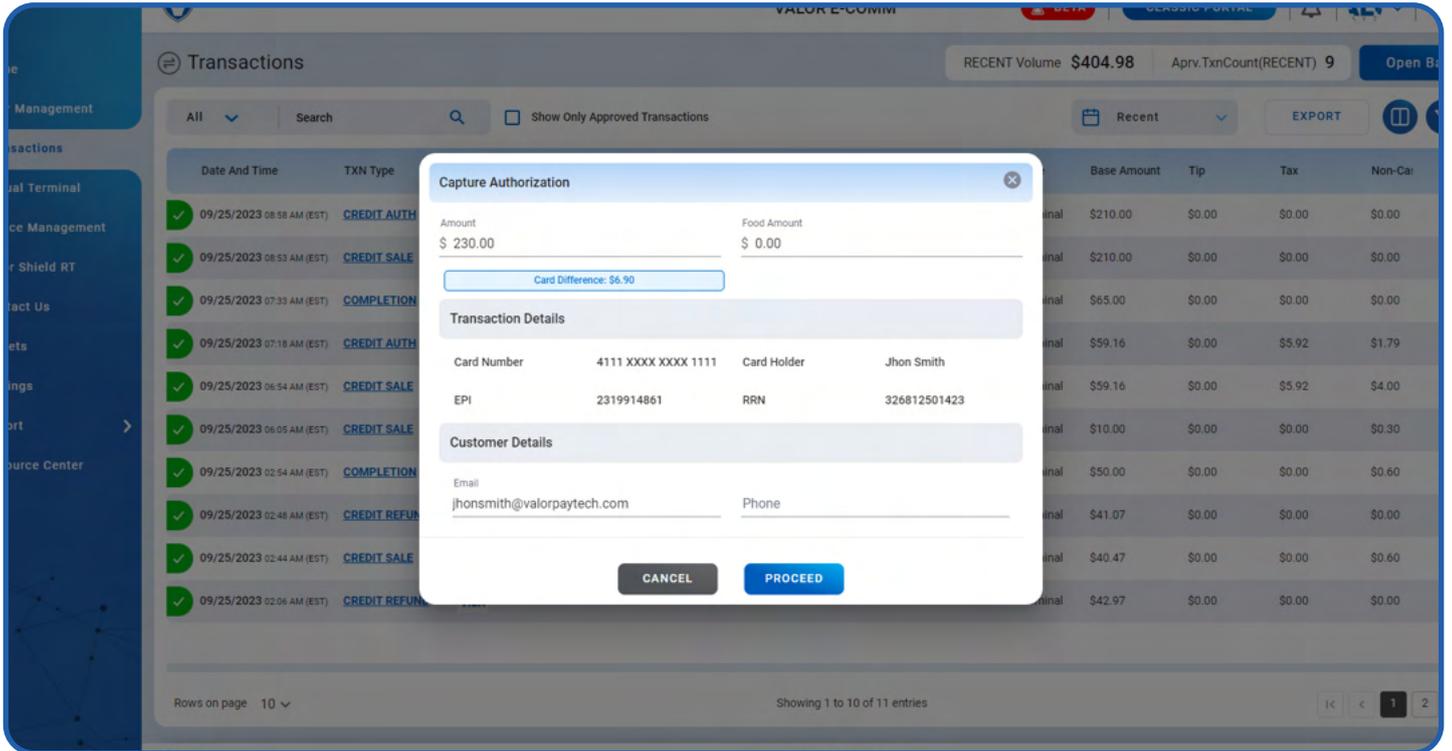

- Merchant: Valor E-Comm, Harrington, PARCEL RETURN SERVIC DC 56933, 960-033-6885
- Transaction Amount: **AUTH \$210.00** (Approved 09/25/23 - 08:58:53)
- Amount - USD: **\$210.00**
- CHARGED: Visa 1111 - ONLINE
- Total: USD **\$210.00**
- Transaction ID: 326812501423
- Approval Code: TAS429 (APPROVAL TAS429)

To collect payment against this authorisation, click on the vertical ellipsis button and click 'Capture Transaction'.

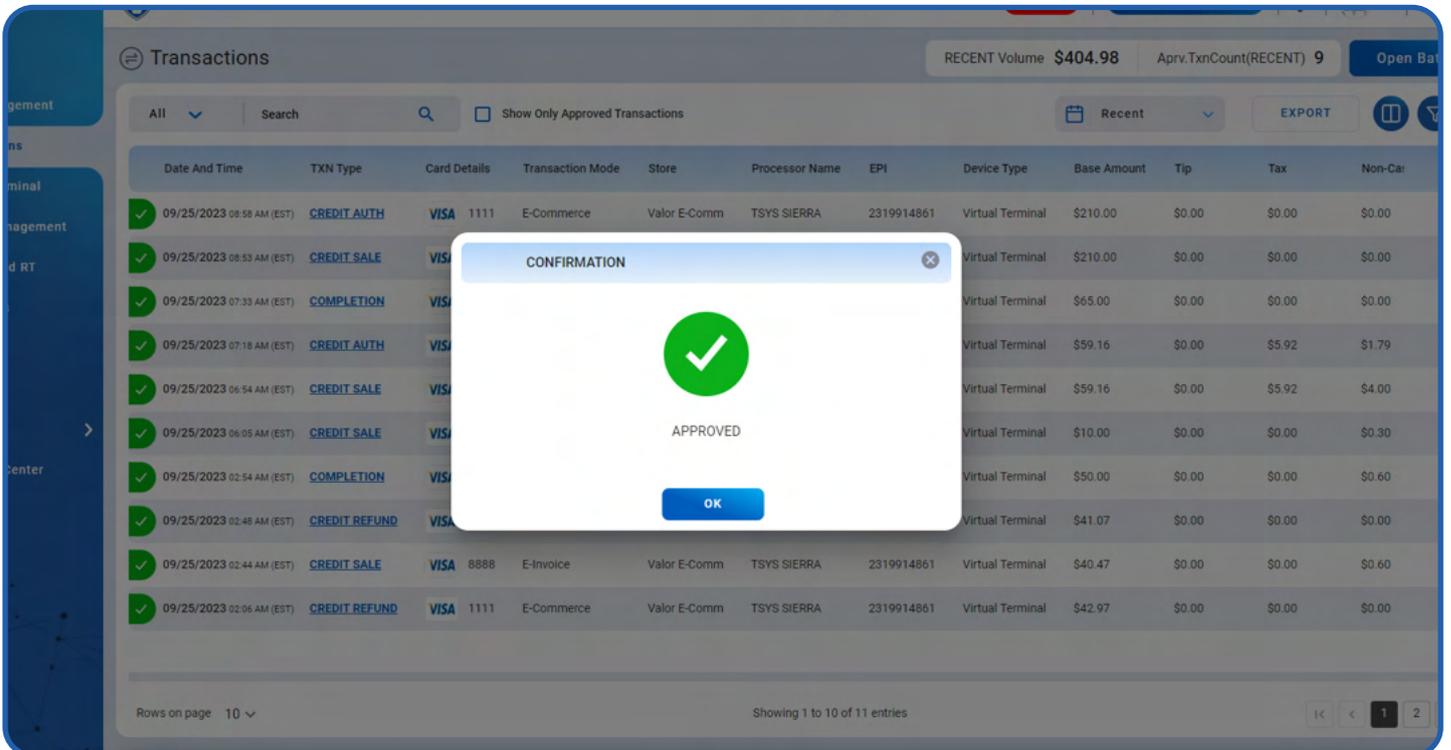

The screenshot shows the VALOR E-COMM interface with a table of transactions. The columns are: TXN Type, Card Details, Transaction Mode, Store, Processor Name, EPI, Device Type, Base Amount, Tip, Tax, and Non-Ca. A vertical ellipsis button is highlighted on the right side of the table, and a context menu is open with the following options:

- Void Transaction
- Capture Transaction** (highlighted)
- Open Ticket
- View Receipt
- Transaction Log

Confirm the amount and click 'Proceed'.

The transaction is approved and successfully completed.

The header now reads '**COMPLETION**'. You can also click on '**View Receipt**' again to confirm that the sale is now completed. Use the print icon on top to take a print of the receipt.

The screenshot displays the VALOR E-COMM interface. At the top, it shows 'RECENT Volume \$634.98' and 'Approved Transactions'. A search bar and a 'Show Only Approved Transactions' checkbox are visible. Below is a table of transactions with columns for Time, TXN Type, Card Details, Transaction Mode, Store, Processor Name, EPI, Device Type, and Base Amount.

Time	TXN Type	Card Details	Transaction Mode	Store	Processor Name	EPI	Device Type	Base Amount
3 09:01 AM (EST)	COMPLETION	VISA 1111	Virtual Terminal	Valor E-Comm	TSYS SIERRA	2319914861	Virtual Terminal	\$230.00
3 08:53 AM (EST)	CREDIT SALE	VISA 1111	E-Commerce	Valor E-Comm	TSYS SIERRA	2319914861	Virtual Terminal	\$210.00
3 07:33 AM (EST)	COMPLETION	VISA 1111	Virtual Terminal	Valor E-Comm	TSYS SIERRA	2319914861	Virtual Terminal	\$65.00
3 07:18 AM (EST)	CREDIT AUTH	VISA 1111	E-Commerce	Valor E-Comm	TSYS SIERRA	2319914861	Virtual Terminal	\$59.16
3 06:54 AM (EST)	CREDIT SALE	VISA 1111	E-Commerce	Valor E-Comm	TSYS SIERRA	2319914861	Virtual Terminal	\$59.16
3 06:05 AM (EST)	CREDIT SALE	VISA 1111	Virtual Terminal	Valor E-Comm	TSYS SIERRA	2319914861	Virtual Terminal	\$10.00
3 02:54 AM (EST)	COMPLETION	VISA 8888	Virtual Terminal	Valor E-Comm	TSYS SIERRA	2319914861	Virtual Terminal	\$50.00
3 02:48 AM (EST)	CREDIT REFUND	VISA 8888	E-Commerce	Valor E-Comm	TSYS SIERRA	2319914861	Virtual Terminal	\$41.07
3 02:44 AM (EST)	CREDIT SALE	VISA 8888	E-Invoice	Valor E-Comm	TSYS SIERRA	2319914861	Virtual Terminal	\$40.47
3 02:06 AM (EST)	CREDIT REFUND	VISA 1111	E-Commerce	Valor E-Comm	TSYS SIERRA	2319914861	Virtual Terminal	\$42.97

The 'Receipt Details' modal is open for the first transaction. It shows the merchant name 'Valor E-Comm', address 'Harrington, PARCEL RETURN SERVIC DC 56933 960-033-6885', and a highlighted 'COMPLETION' status with a total amount of '\$230.00'. A green 'Approved' badge is visible with the timestamp '09/25/23 - 09:01:58'. The modal also displays 'Amount - USD \$230.00', 'CHARGED Visa 1111 - OFFLINE', and 'Total: USD \$230.00'. It includes a cardholder acknowledgment statement and a 'Thank You' message, ending with 'Please retain for your records.'.
