# Performing a Sale

1. After pairing, select the **mPOS** banner from the bottom of the screen.

2. In the display there's a clear distinction of a **card**, **EBT** or **cash** sale where you can enter the transaction amount.

3. After entering the transaction amount the next step is to select either “**CARD**,” “**EBT**,” or “**CASH**”. You can **tap / insert / swipe** the card to process the transaction. Also note that for **EBT**, you can only **swipe** the card.

Please Insert or Tap the Card

4. Enter **Clerk ID**, if enabled.

5. Select one of the **tip percentages** displayed or type the **custom tip** amount. Once selected, the total amount at the top changes with the inclusion of the tip amount.

6. Depending on the mode of transaction, a sale will have the **transaction amount**, **tip** (if applicable), **tax**, and **cash discount** (if applicable). Then select **"Pay"** to confirm the transaction.

7. After that, a **confirmation pop-up** will appear, confirming that the sale has been **approved**. The cash discount (if applicable) can also be viewed.
