

Fleet Card Transactions

Designed for speed, security, and flexibility, this feature helps merchants streamline fuel purchases while keeping fleet card transactions hassle-free.

Fueling efficiency, security & growth with Fleet transactions

Speed up transactions

Reduce checkout times with quick, seamless fleet card payments, keeping operations smooth and minimizing delays.

Smarter expense control

Gain real-time insights into fleet spending, track fuel purchases, and manage product pricing directly through the Valor Portal for better financial oversight.

Enhanced security & compliance

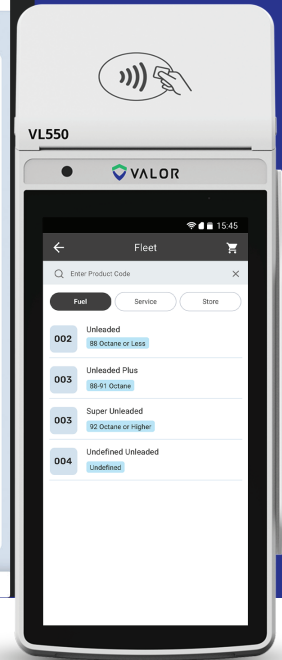

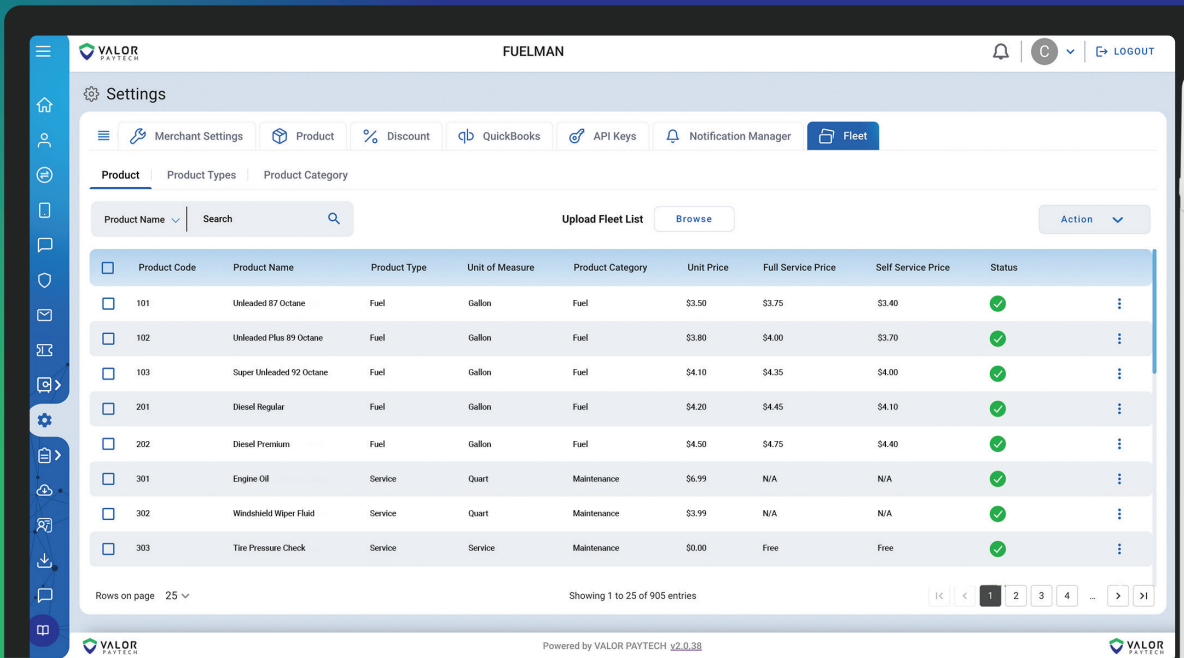

Ensure secure transactions with automated verification, odometer tracking, vehicle ID and so on, protecting both merchants and fleet businesses.

Stronger customer relationships

Offer a convenient, reliable payment solution that keeps fleet customers coming back, boosting long-term loyalty and increasing repeat business opportunities.

Fuel payments made faster, smarter, and more secure!

Powerful features for maximum efficiency

Integrated POS & Portal management

Customizable product details

Automated verification

Instant receipts

Secure & compliant processing

Faster transactions
