# Quick Reference Guide

**Quick Reference Guide**

ENTER PIN
* * * *

Connecting a **RCKT** to your **Android Device**

1. Power on your **RCKT**. It will then display a **Device Name.**

```
        mPOS
   C-ME305-685438
16-05-2023 10:52:16
```
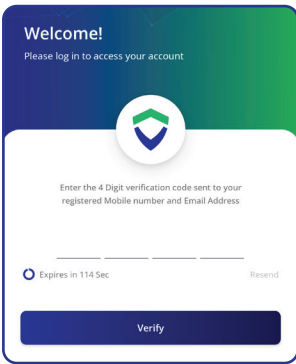

2. Download the ValorPay application from the **Google Play Store** on your Android device.

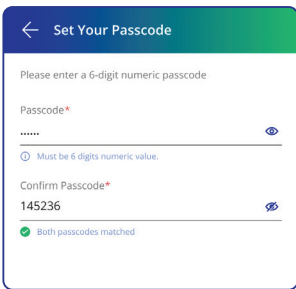

3. Login to the **ValorPay App** with your **Username.**
   A **One-Time Password** will be sent to your mobile device on file for logging in.
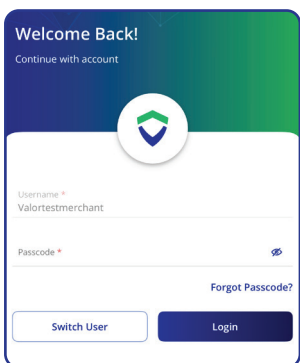

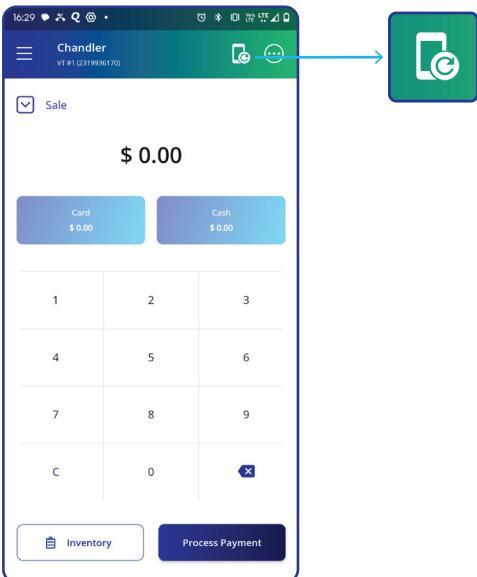

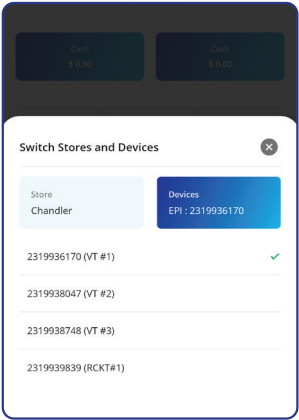

**4.** After entering the OTP, the user must create a **6-digit Passcode** for secure and easy access to the ValorPay app.

**5.** Select the **switch icon** on the top right corner of the mobile application to change the **Stores** and **Devices.**

**6.** Select your **Store** and your **device EPI** from the list of available stores and devices.

Switch Stores and Devices ⊗

| Store | Devices |
|-------|---------|
| Chandler | EPI : 2319936170 |

2319936170 (VT #1) ✓

2319938047 (VT #2)

2319938748 (VT #3)
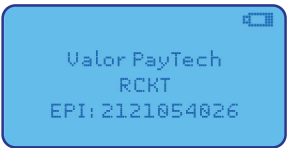

2319939839 (RCKT#1)

**7.** Upon selecting the **EPI**, a new screen appears that scans for all nearby RCKT devices. Select the right device name to pair with.

**Note**: Ensure that **Bluetooth** and **Location** permissions are enabled.
