

# VP300

## The Cutting-edge Pin Pad Technology

Optimize your payment operations using the VP300, a high-performance, all-inclusive solution with a competitive edge.

### User-friendly and Intuitive Experience

Indulge in a user-friendly encounter with our spacious touchscreen display and exclusive stylus on our intuitive interface. Explore the digital signature capture function that enriches the overall user experience.

### Enhanced Payment Security

Provide your customers heightened security features with our enhanced pin pad technology, providing an extra layer of protection during the PIN entry process. The PCI-PTS 5.0 ensures customer security.

### Customer Feedback & Satisfaction

Utilize our integrated built-in customer feedback rating system for insights to refine services and increase customer satisfaction. Elevate your service excellence, one feedback survey at a time.

### Secure and Convenient Contactless Payments

Embrace the future of payments with advanced EMV technology, ensuring utmost security for transactions. Choose from swipe, tap, and dip card payment options, accompanied by a secure digital signature capture feature, making payments both safe and convenient.

## Features

Touchscreen Display

Included Stylus

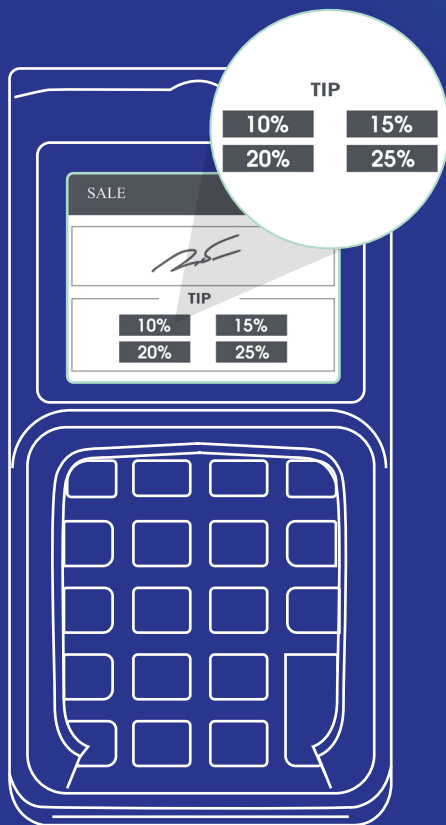

EMV

Digital Signature Capture

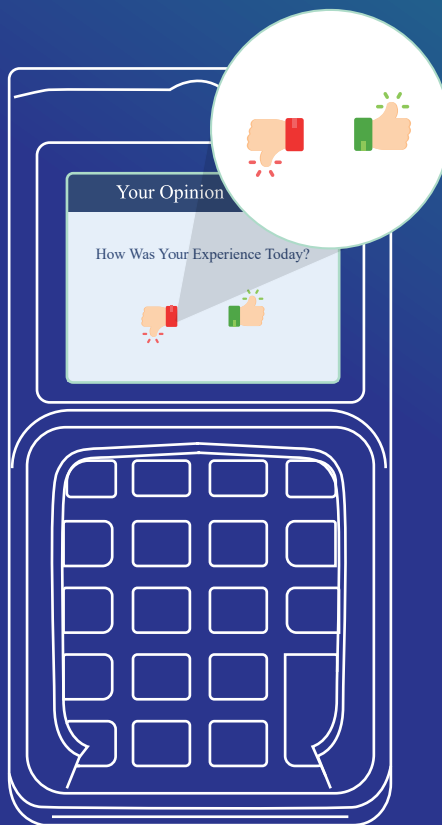

PCI-PTS 5.0 Certified Pin Pad

### Smart Tipping

Suggests tip amounts automatically based on the bill, making checkout faster and tipping easier for customers — while helping merchants boost tip totals effortlessly.

### Valor Portal & Engage My Customer

Show payment confirmations and branding messages right on the PIN Pad screen.

### Remote Device Management

Monitor, update, and troubleshoot PIN Pads remotely—minimizing downtime and support costs.
