VALOR PAYTECH

VIRTUAL Terminal

Unlock a unified solution for all your payment requirements, integrating a Virtual Terminal, Gateway, and Mobile App for your convenience.

Benefits

Enhanced Payment Security

Provide your customers heightened security features with our data-guarding tokens. The Vault secures customer card data, and Valor Shield adds extra layers of security against unwanted transactions. Your peace of mind is our priority.

Payment Convenience and Pricing Flexibility

Merchants benefit from a range of pricing options such as Dual Pricing. Send digital e-invoice, text, and email payments for enhanced flexibility. Fast and easy payments are enabled via the secure hosted payment page with a PayNow link, enhancing the customer experience.

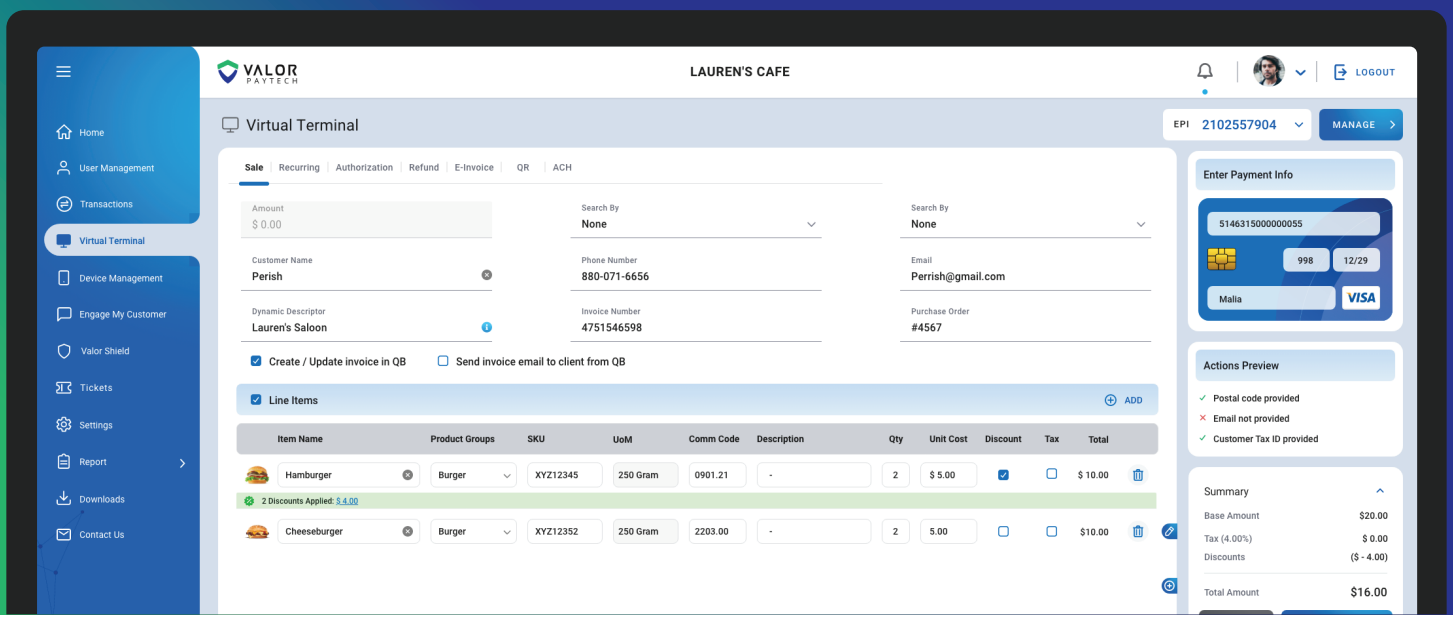

Automated Time-Saving Features

Automate recurring payments to reduce customer attrition. ISOs can enable Level 2 and Level 3 data for B2B merchants. Optimize operations and efficiency with our inventory management capabilities.

Customizable Features with a Robust Payment Gateway

Easily customize each transaction using a dynamic transaction descriptor and integrate payment processes with e-commerce platforms, enhancing the overall customer experience.

The All-in-One Solution for Seamless E-Commerce Transactions.

Features

- E-Invoice Text to Pay & Email to Pay
